ThinkTech
LIMITED

COMPANY
PROFILE

WELCOME to

ThinkTech LIMITED

Who are we & what do we do?

We are a core team of information technology professionals that combine over 50 years and 100's of projects in software development, and related backend support, database management and cloud migration for our clients.

We provide support for clients in multiple sectors such as banking, logistics, government, the food industry, and others. Our team has supported clients in the United States and in Taiwan. We are all native English speakers and can also communicate in Spanish.

Technologies we use and are adept at

1 Database Administration

- › Oracle RDBMS
- › SQL Server
- › MySQL
- › Database modeling

2 Full Stack Development

- › Javascript
- › React
- › VueJS
- › Java
- › .Net
- › API Development
- › HTML/HTML5

▶ Our Vision

An Information Technology company that employs best practices and leading-edge development to create strategic and scalable business solutions for clients.

▶ Our Mission

Is to engineer and deploy innovative solutions to meet our clients' requirements by using emerging technologies in an agile project management ethos.

We harness the power of **Information Technology** to solve your business problems.
